Become a member of the Princess Cruises Nursing team

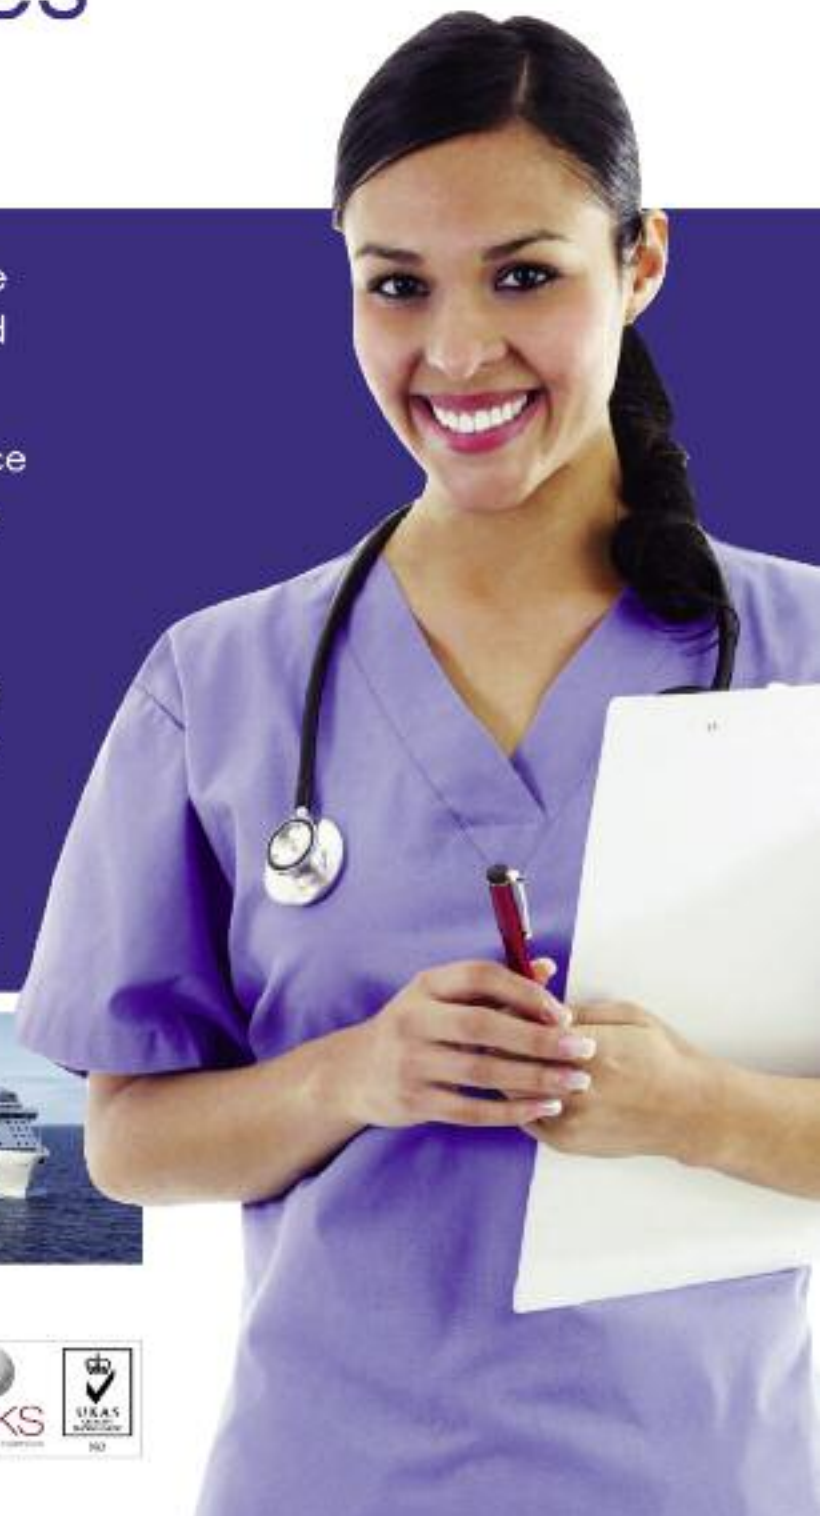

You would travel the world on board one of our 18 luxury cruise ships, working within a team of maritime medicine experts and treating patients in our accredited medical centers.

We are seeking nurses with 3 years post-graduation experience in emergency, acute care or remote location nursing. Princess is offering full-time employment consisting of repeating four month on board assignments.

Must be fluent in English. Any additional language skills are an asset, but not required. We also have special itineraries where we seek staff with conversational Japanese and Mandarin language skills.

Take your nursing career in a new and exciting direction.
