

# Go west for your health care education

Health Sciences Centre, Coquitlam Campus Expansion Opens: January 2008

Human Patient Simulator: computer-driven, full-sized, human-like mannequin. Simulation Labs allow Nursing students to practice until their care skills become second nature.

Prepare for your health career with a leader in health sciences education. Learn in state-of-the-art labs at our new \$36 million Health Sciences Centre, David Lam Campus, just outside of Vancouver.

You'll graduate with a high-quality degree, diploma or certificate that leads to outstanding job opportunities:

- ▶ **Nursing, Bachelor of Science**
- ▶ **Psychiatric Nursing, Bachelor of Science**
- ▶ **Dental Assisting**  
(New Westminster Campus)
- ▶ **Dispensing Optician**
- ▶ **Health Care Support Worker**  
(Combined program: Home Support/  
Resident Care Attendant and  
Community Mental Health Worker)
- ▶ **Health Information Management**

Some programs start in January. To find out more visit our website or call **604-527-5478**.

**Douglas College**
